

VIP NIGHTLIFE SERVICE

Your night will be focused on giving the boys an overview of what Panama City nightlife has to offer. We will likely start with a dinner reservation, followed by a couple of rooftop bars in the historic district, then hit the club scene for a bit, before taking a detour towards Panama City's darker underbelly. A typical nightlife tour consists of 3 or more of Panama's top bars, clubs, and gentleman's clubs. The vehicle will be stocked with ice cold beer to keep you going between locations and will have enough space to bring back "guests" should you guys be into this. Your host knows Panama City nightlife better than anyone and will lay out all your options so you guys can choose your own adventure.
